Petko Todorov

Junior Software Developer

A motivated Computer Systems and Technology graduate seeking a position in a dynamic company where I can apply my skills while continuing to grow professionally. Currently focused on enhancing my proficiency in Python, HTML, CSS, JavaScript, and React, I am eager to contribute my technical knowledge and passion for innovation to drive organizational success.

EDUCATION

Software University
Python Developer

2022 - Present   *Sofia, Bulgaria (Remote)*

- Through my experience with Python, I've gained a strong understanding of data structures (Lists, Dictionaries, Tuples, Sets) and concepts like Queues and Stacks. I am well-versed in Python OOP principles (Polymorphism, Inheritance, Encapsulation, Abstraction) for creating modular and maintainable code. Additionally, I have developed web development skills in HTML, CSS, and JavaScript to build responsive, dynamic user interfaces.

University 'Prof. Dr. Assen Zlatarov'
